

Exclusive Partnership Benefits

12-MONTH TERM – US\$50,000

The most diversified and far-reaching IFMA experience for our corporate partners is Platinum-level partnership. It exemplifies the greatest level of commitment a company can make to the association and the profession. In return, IFMA commits to providing meaningful opportunities to accentuate your position as an industry thought leader, strong advocate for the advancement of facility management and active professional partner in shaping the future of FM. At this level, our partners work with IFMA to define the most meaningful benefits, whether it's a quarterly meeting with the Board of Directors, or co-branded webinars.

We believe that a true partnership lies in the alignment of business objectives, ethical standards and a shared vision. The benefits below are a guide to the many areas in which your company can focus brand awareness, thought leadership, networking and industry strategic efforts. It gives our partnership a foundation to build on. We understand that one size does not fit all. IFMA works with you to identify the most valuable benefits for your company.

Executive Level Benefits

- ▶ **Strategic connections:** whether you're interested in getting involved in international relations or government issues, or you want to reach specific industries within facility management, IFMA staff members who focus on special areas within the association will assist you in making strategic connections.
- ▶ **Industry exclusivity:** lock in your company's status as IFMA's sole Platinum CSP in your defined primary industry (limited to one industry).
- ▶ **Industry insights:** leverage the insights of those who support managed environments through individual meetings or focus groups facilitated by IFMA at US IFMA events, to better serve your customers and target your marketing efforts.
- ▶ **MarCom assistance:** strategic communications planning to ensure your exposure among the FM community as a thought leader and industry advisor is prominent and widespread.
- ▶ **Content guidance:** expert input to leverage existing and new content to speak to facility professionals, as well as channel placement for the content (e.g. FMJ, IFMA Insider, Knowledge Library, Webinars, etc.)
- ▶ **Analytics and reporting:** understand the reach of your content through analytics and reports provided by IFMA at intervals specific to the channel.
