

How to Set Chrome Browser to Translate Websites

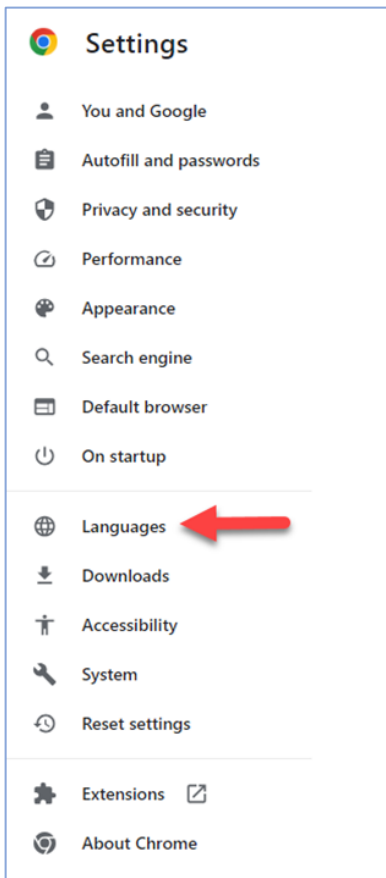

Step 1: Open a new Google Chrome window and **click** on the three (3) dots located in the upper right corner of the screen.

Step 2: From the drop-down menu, select the **Settings** option.

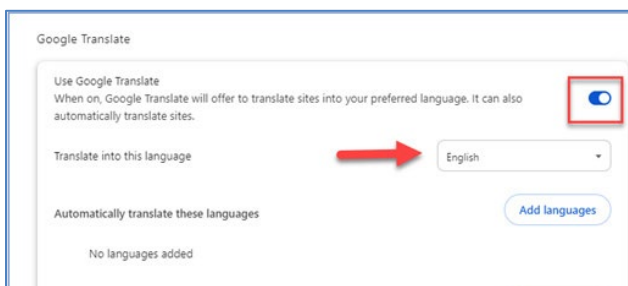

Step 3: From the menu on the left select the **Languages** option.

Step 4: Scroll to the bottom of the screen to the Google Translate box.

- Click on the toggle to turn on Google Translate.
- Click on the drop-down next to “Translate into this language” and select your preferred language.

Step 5: Close all browser windows and then reopen a new Google Chrome window.

Step 6: Go to the website of your choice. Click on the three (3) dots again. Scroll down and click on **Translate**.

Step 7: You will see a pop-up in the right of the address bar that allows you to choose your preferred language.
